Welcome

This wine list is designed to not only complement our Cape-Contemporary cuisine but also offers a vast selection to suit all palates.

The South African wine industry is not shackled by the rules and regulations of those of the old world, thus we have the freedom to experiment and diversify. This, together with our range of wine growing regions, unique terroir and curious winemakers has resulted in wines of many personalities.

We have tried to reflect the best from all wine regions, within variety and style. We have also made use of time by holding back vintages to allow maturation. This gives you the opportunity to enjoy the wine at the perfect time.

Whilst our list is mostly showcasing South Africa, we have added a splash of foreign wine for a taste of international flair.

We would be delighted to assist you with your decision. With just over 40 wines by the glass and over 150 wines on offer, there is no doubt in our minds that you will leave enlightened and delighted.
